

Troop 76 Patrol Duty Roster - Explanations

- General:** *SPL or ASPL assign duties to each patrol; prepare one sheet for each camping trip, or one sheet for each day*
- 1 Rain Fly:** For day of arrival, set up one or more rain tarps; store unused poles, ropes and bags.
For day of departure, take down tarps, pack tarps, poles, ropes; assign one patrol member to take home each tarp to clean and dry
For other days, check poles and tighten ropes before each meal
 - 2 Drinking Water:** Fill drinking water containers on day of arrival, and refill periodically as required;
If containers become dirty during trip, patrol is responsible for cleaning with soap and water, and refilling
 - 3 Fire Buckets** Fill fire water buckets upon arrival, and distribute buckets around cooking area, fire rings, and in tent areas; refill buckets before each meal and periodically as required;
Any Scout using a bucket or tripping over a bucket is responsible for immediately refilling
 - 4 KP Station:** For day of arrival, set up KP Station; if possible, built (lashed) stand to hold pails
After completion of each meal clean up, clean KP station with soap and water;
For day of departure, take down KP Station and assign one patrol member to take home pails for cleaning as required
 - 5 Clean Latrine:** For day of arrival, check cleanliness of latrines and availability of toilet paper
For other days (before breakfast), sweep out latrine and wash down floor; check for toilet paper; if lime is available, sprinkle into pit; if disinfectant is available, clean seats
 - 6 Evening Campfire:** Gather wood and set up campfire; ensure water buckets are filled and available; start fire when directed by SPL (maximum two matches); put out fire when directed by SPL
 - 7 Supply Tent:** For day of arrival, as directed by SPL, put up supply tent(s), store supplies in tent(s);
For day of departure, take down and pack tent(s); assign one patrol member to take home each supply tent to clean and dry
 - 8 Fire & Ax Yard:** For day of arrival, set up fuel and ax yards; rope off areas, put fuel, ax, and saws in proper year;
For day of departure, take down rope and store rope, fuel ax, and saw for transportation;
For other days, before breakfast, tighten ropes, clean-up yards
 - 9 Other Items:** SPL list other Patrol duties as required; also list individuals responsible for major jobs
